

What to Pack EUROPEAN CRUISE

A European cruise is generally dressier than a Caribbean cruise – think “country club casual” as the minimum. Ports vary from sophisticated cities to relaxed islands.

If you plan to visit churches, mosques, and other sacred spaces, remember to dress in a conservative and respectful manner.

1. Choose your luggage

• Primary Bag

This bag will be collected at the dock for delivery to your stateroom later in the day.

• Daybag

Include all valuables and everything you will need on your day of arrival on the ship.

• Flight Bag

Baggu, string bag or similar. This bag should fit inside your daybag. Put it into your seat pocket before takeoff.

• Wallet, travel belt

or similar, worn during flight.

LOCK ALL BAGS, including those stored in the overhead compartment. Thefts do occur on overnight flights.

2. Clothing

• Climate - warm to HOT

• To Pack Lighter

- Choose a light neutral for 3 pieces – bottom, top and topper.
- Add brights and prints to coordinate.
- Each piece should go with at least 2 others.
- Accessorize to taste! (But don't bring anything you'd deeply regret losing.)
- Check whether laundry services are available.
